

RLA Meeting Minutes 7/14/2020

In attendance: Marty, David, Doug, Mike, Chuck, Marc, Chris

By phone:

In its regularly scheduled July Meeting: (Via Zoom)

- Hydro Raking:

The Board is continuing its effort to obtain a permit for nutrient removal. To that end a committee was formed to further the application already submitted to Inlands/Wetlands

- Membership:

Marc reports 127 members which appears to be a higher number than the last few years.

Mike sent a map depicting non- members who live on or near the Lake. With his visual aid, it was much easier to see where future member recruitment efforts should be focused.

Jeff was mentioned as a potential chairman of the drive for more members.

- Work Projects:

There are no specific projects on the board right now.

- Beach Rakers:

Thanks to Dan for keeping up the beach's appearances.

- Upcoming Dates:

The combined AGM and picnic scheduled for 8/1 has been cancelled due to the Covid 19 virus. The Board considered several alternatives but none would satisfy safety guidelines.
