

RLA Meeting Minutes 3/27/2021

In attendance: David, Doug, Chuck, Mike, Chris, Marty, Marc, Dan

In its regularly scheduled March Meeting:

- Suction Dredging:

After meeting with the dredging company, the idea of reusing the existing bag at Crescent Cove was abandoned. The distance to Crescent Beach and usable capacity of the bag were the limiting factors. The original plan of dredging Crescent Beach in the fall is still on schedule. Fundraising for that will begin soon.

- Membership:

We are at 94 members and counting. Dues go up after April 1st and it appears people are taking advantage of the lower rates.

- Annual General Meeting:

The Board felt it was important to have the AGM this year, inasmuch as it was canceled last year due to the pandemic. In light of the logistics of holding the meeting at the Rec Center, the meeting will be held at Crescent Beach on May 15th. More details and rain date will be forthcoming.

- Cleanup:

The cleanup is scheduled for April 17th. An announcement will be put on Facebook and bulletin boards.

- Elections:

Three Board members, Dan, Chris and Jeff are up for election. They and any other candidates should let Doug know their intention to run. Votes will be cast at the AGM on 5/15.
